

VEPRO Design

TRUCK ACCESSORIES

CUSTOM MADE PRODUCTS

Precision custom made, designed by man, made by robot!

VEPRO is a supplier of accessories for all popular truck types on the European market. Over 80% of our production is exported. We are specialised in vacuum forming and heat pressing plastics, which are supplied to commercial vehicle industry and

aftermarket. We are using latest CAD / CAM technology in our production as well as in designing our products. Vepro is well known from individually designed and custom made products.

VEPRO OY Brackets, Quality

Brackets are made from high quality materials and powder painted in our own painting line.

Skilled employees guarantee a flawless product by inspecting it in every step of the production for imperfections.

VEPRO OY Shipping, Environment

Overview from our stock, where our products are ready to be shipped anywhere in a short notice.

Waste and rejected parts, such as acrylic, ABS, PET-film and cardboard boxes are recycled.

VEPRO OY Service

At Vepro our professional staff can help you with your plastic needs. We are well-known to solve our customers' problems. Contact us and we will help you in making your product superior! You can trust us with first quality products and fast reliable deliveries.

From www.vepro.fi You can find more detailed information about our products and download our latest brochures.
